He is extremely tough and very strong. Free runner and takes an experienced rider as he is all race horse (track money earner). I've had both my daughters compete on him in barrels (8 and 12 yr olds) and loaned him to those who needed a back up (16 yr old rider). Great to ride around on and incredibly calm on the ground.

Big Red is old fashioned and big boned. He is ridable, but does have a stubborn streak, so not for children or beginners. Has probably been used as a ranch horse at some point. Works best in a hackamore.

15.2hh 1200lbs Scout is a very handy ranch horse. He has done all aspects of ranch work. Drug calves, roped yearlings, drug in bulls. He has also been in ranch horse shows and ranch rodeos. He is one of the BEST to come out of the Potter program. Unfortunately, he has had 2 years off to recover from an injury. He is 90% sound. You can do a days work on him but he gets sore after 2 or 3 days of hard riding.

|                         | MISS ZIPPEN<br>FRECKLES |

This fancy red roan colt will not be a year old til May but already is the size of many long yearlings. He is the total package - style, conformation, muscle, athletic ability, color, and a pedigree loaded with Hall of Fame horses and famous performers. "Sparky" is bred to be a cutter or reiner and has the mind & ability to do either. He should mature to be a 15.2 to 16 hand horse with the athletic ability & quickness of those smaller cutters. He will stand out in a crowd, not only for his eye-catching color, but for his conformation and performance as well. "Sparky" has been handled daily and ground work has been started. This colt is a good stud prospect or will make a super, "high dollar" gelding!
